FUNERAL AND CELEBRATIONS OF LIFE LIVESTREAMING

There is no

on Grief

## MEMORIAL MASTERS OFFERS FUNERAL LIVESTREAMING

Grieving families must make important, and often quick, decisions when a loved one passes. With new limitations on attendance, travel and social distancing, the need for protective wear and more, honoring a loved one's passing can be even more stressful.

As a consequence, families are creating new rituals – like livestreaming memorial events for family and friends who cannot attend.

However, livestreaming funeral services on smartphones over shared public networks can result in other, unanticipated problems like:

- Variable WIFI connections that fail
- Social media sites that shut down livestreams for copyright infringement (and you just wanted to play Dad's favorite song)
- Bandwidth or pay-plan limitations that cut off the recording prematurely

To solve these issues, Memorial Masters, a visual commemorative event company offers livestreaming services that ensure celebration of life events are captured, broadcast and recorded effectively with the highest quality – allowing family members to be free from the burden of technology and fully engaged in the service.

Family Memories Respectfully Captured And Preserved

# We Are Sorry For Your Loss

Hello, I'm Steve Crane, President and Chief Celebrant for Memorial Masters. On behalf of myself and the Memorial Masters team, we are truly sorry for your loss.

In this new era of funeral constraints, we are here to help you virtually share your loved one's memories among friends and family – sharing grief as we have done throughout the ages.

Memorial Masters has years of experience with funeral, memorial, interment and obituary media services – experience you can trust.

## LIVESTREAMING BENEFITS

- You and your family are freed from the challenges of livestreaming
- Professional, high-bandwidth platform that offers quality streaming
- Secure, password-protected viewing access
- Dedicated streaming cameras offering multiple views, transitions and effects
- Title and image overlays
- Optional simultaneous social networks streaming like Facebook and YouTube
- Livestreamed event permanently recorded for sharing and viewing again and again

## HOW LIVESTREAMING WORKS

In collaboration with the family, a Memorial Masters' professional is designated as a representative to handle all aspects of the livestream production.

Our respectful, knowledgeable and considerate livestream operators are equipped with personal safety protection training and equipment (PPE) to assure your safety.

Our operators can be as far away as 100 feet from the livestream camera, which is typically located 5 feet from a casket or podium in a church, chapel, synagogue, mosque, room in a home or outdoor venue.

Once the live event is streamed, Memorial Masters delivers the recorded file to the family.
